

Join us for a free webinar for commercial cannabis cultivators

An integrated
suite of growing
solutions.

Connect for growth.

Join us for a free webinar as the industry's top experts talk about how the Hawthorne 360 suite of growing solutions can help your cannabis cultivation business grow.

PLUS: Learn how you can directly access technical experts, earn more energy rebates, and get better terms for large purchases and business financing.

This is an exclusive webinar. Please reserve your spot today.

**You are invited to an
elite-grower webinar.**

DATE/TIME:

**Thursday, August 4, 2022
2 pm MT (4 pm EST)**

WHAT TO EXPECT

- Learn about the Hawthorne 360 suite of growing solutions for commercial cannabis cultivators with Hawthorne representatives
- Discover the expert technical services available to you with direct access to our cannabis cultivation experts
- Learn about the innovative cultivation research happening at our six cultivation R&D locations across North America
- Find out how to earn hidden energy rebates on your lighting and HVAC purchases with Seinerger
- Explore new product and business financing options with Suite 420 Solutions executives
- Connect with our staff of horticulture experts for tips on lighting layouts, bench design, air movement, nutrition and disease diagnostics
